SKILLS

I am able to code, but the fields of coding that I am most strong in are HTML and CSS. JS is a little bit okay but I still need to learn some things there. My social skills are also good and I am able to get along with everyone in the class if I was to collaborate.

EXPERIENCE

CTE Software & App Development - *Web Developer*

August 2022- PRESENT

- I have made some projects of my own.
- I learn about different things that I could use to make a webpage.
- I have contributed with other people in the class to make a
- webpage. Good social skills with others and can communicate with no problem.

EDUCATION

American Leadership Academy Ironwood, 850 W Combs Rd- *Freshman*

August 2022 - May 2023

The school that I currently attend and partake in the CTE Software & App Development class. This is where I see others and learn how to code.
